This will be on file in my office.

(mic inactivated)

Select File LB 325.

PRESIDENT: There is no printed agenda. The Chair is going to recognize our Speaker to lay out the three bills on Select File, and then the ones on General File so that we can have some prior knowledge. Could we have a little order please.

SPEAKER: Mr. President, members of the Legislature.

PRESIDENT: Could we have a little order before the Speaker is recognized so that it might make our morning session more expeditious. Senator Burbach.

SPEAKER: Mr. President, members of the Legislature. Due to our hasty actions Friday afternoon, it was impossible for me to build a calendar or agenda for this morning. I apologize for not having one on your desk now. I have been attempting to work one up this morning. I've been here since 7:30. I still haven't got one worked up except to say, as soon as we do have it completed it will be placed on your desk. We will take up, at this time, LB 325 on Select File, then 589 and also a request to unbracket LB 507 which is also on Select File. Hopefully, before these are completed I will have on your desk the calendar for the entire day.
